Deploying the software

If you're an IT administrator and you want to deploy the software to multiple computers, see the *Education Software Installer 2011 system administrator's guide* (smarttech.com/kb/160531).

Chapter 2
Installing the software

Starting the installation wizard

You can start the installation wizard by inserting the DVD into the computer or by downloading the wizard from the SMART website.

To start the installation wizard from the DVD

1. Insert the DVD into the computer.

   The *Education Software 2011 Installer* dialog box appears.

   > **NOTE**
   >
   > If the dialog box doesn't appear, browse to and open ***[DVD drive]*\CDBrowser.exe** using Windows Explorer.

2. Click **Install**.

   The installation wizard appears.

To download and start the installation wizard from the website

1. Go to smarttech.com/software, click the **Choose a version** button for the software you want to install, and then select the version of the software you want to install.
2. Click **Download**.
3. Enter the requested information, and then click **Start Download**.
4. Save the file to a temporary location.
5. Double-click the file.

   The installation wizard appears.

Using the installation wizard to install the software

To use the installation wizard to install the software

1. Start the installation wizard as described in the previous procedures.
2. Click **Next**.
3. Read the software license agreement.
4. If you accept the terms in the software license agreement, select **I accept the terms in the license agreement**, and then click **Next**.

   OR

   If you don't accept the terms in the software license agreement, select **I do not accept the terms in the license agreement**, and then click **Cancel**.
5. Select the check boxes for the software you want to install, and then click **Next**.

   IMPORTANT

   If you select the **SMART Notebook** check box but don't select the **SMART Notebook Math Tools** or **SMART Document Camera Mixed Reality Tools** check boxes, install the software, and then run the installation wizard again, you're unable to select the **SMART Notebook Math Tools** and **SMART Document Camera Mixed Reality Tools** check boxes. Therefore, if you want to install SMART Notebook Math Tools or Mixed Reality Tools, do so the first time you install the software.

   NOTES

   - If you select the **SMART Notebook** check box, the installation wizard selects the **SMART Product Drivers** check box automatically.
   - If you select the **SMART Response**, **SMART Notebook Math Tools** or **SMART Document Camera Mixed Reality Tools** check boxes, the installation wizard selects the **SMART Notebook** and **SMART Product Drivers** check box automatically.
   - If you select the **SMART Classroom Suite Teacher** check box, the installation wizard selects the **SMART Notebook**, **SMART Product Drivers**, **SMART Response** and **SMART Sync Teacher** check boxes automatically.

6. If you selected the **SMART Product Drivers** or **SMART Response** check boxes in step 5, select the check boxes for the software you want to start automatically when you first log on to your computer, and then click **Next**.
7. If you selected the **SMART Notebook** check box in step 5, select the check boxes for the Gallery collections you want to install on to your computer, and then click **Next**.
8. Move the languages you want to install from the *Available languages* list to the *Selected languages* list, and then click **Next**.

   NOTE

   If a language's name is in bold text, the installation wizard must download the language's file from the SMART website.

   TIP

   To view the language's native names (for example "Deutsch" for German), select the **Show native names** check box.
9. Click **Install**.

   The installation wizard installs the software you selected in step 4.
10. Click **Finish** when you're done.

Using the software after installation

After installing the software, you can use it.
