

Release Notes

SMART Notebook™ 11.1 Software

About These Release Notes

These release notes document changes in SMART Notebook™ 11.1 software and its service packs.

Product Information

SMART Notebook™ collaborative learning software sets the standard for creating, delivering and managing interactive lessons within a single application. Now, you will be able to combine your favorite tools in SMART Notebook with your favorite tools from the Web. Plus, with its new features, the best aspects of SMART Notebook software have been expanded.

This award-winning software includes a rich set of lesson creation and delivery features and connects you to a full ecosystem of content, tools and support. With SMART Notebook software, all your education resources are right at your fingertips, making it easy to bring your lesson materials together and teach with interactive content.

If you install SMART Notebook™ 11.1 software on your computer it will enable access to new features such as new support for Windows 8 and Mac OS X 10.8, improved speed and performance, an updated embedded web browser, better support for incorporating content from MS Office applications, customizable preferences and much more.

SMART Notebook 11.1™ Software
