SMART Board Welcome Center for Macintosh® computers

The Welcome Center provides access to many of the tools, resources and files you access when you're using a SMART product.
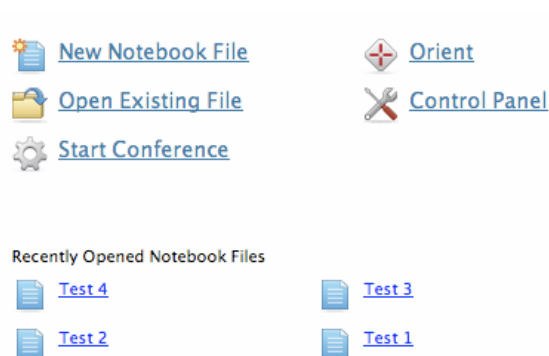

Opening the Welcome Center

To open the Welcome Center, press and hold the **SMART Board™ Tools** icon 🔵 in the Dock. Select **Welcome Center** from the menu. As a default, the Welcome Center also launches when you open Notebook™ software. The Welcome Center is organized into four tabs, each with options to launch commonly used applications and tools.

Quick Start

This tab provides options designed to get you up and running quickly, with the most frequently used actions at your fingertips.
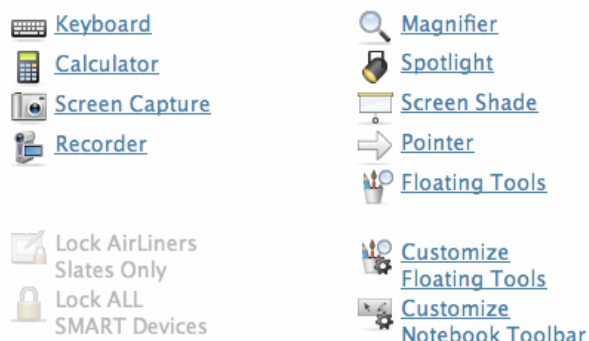

You can create a new Notebook file, open a recently used file, start a conference, change languages, orient your board, and access the Control Panel to configure a variety of software and hardware options.

Tools

The Tools tab provides direct access to many of the functions that help you operate the SMART Board interactive whiteboard more effectively.

In addition to basic functions such as the On-Screen Keyboard and Floating Tools, you will also find multimedia tools that allow you to create and present dynamic content.
